BANKRUPTCY AND INSOLVENCY LAWS (H.C. – VIII)

Objectives of the Course

The main concern of law is the regulation and balancing of socio-economic and political interests. In regulating the economic front, law has to take into account of negative economic impact in the situations of socio-legal problems. The bankruptcy law becomes relevant in this context. The Constitution confers on the union and the states to legislate on bankruptcy-the inability to pay debts. The Indian laws contain elaborate provisions on the status of insolvent person, legal conditions of insolvency, insolvency proceedings, distribution of property

of the insolvent and on litigation by and against insolvent person. These laws have to be looked at with a comparative approach. The course excludes questions of bankruptcy in relation to company and partnership since they are dealt with in the compulsory papers.
